Conference Invitation

Dear Colleagues,

On behalf of the NIDCAP Federation International (NFI) and Contemporary Forums, we'd like to invite you to the 27th annual **"Developmental Interventions in Neonatal Care"** conference. The NFI and Contemporary Forums have joined together this year to collaborate on what we feel is an outstanding program, bringing together national experts, including selected NIDCAP trainers to discuss strategies for providing individualized, supportive and family-centered developmental care for fragile infants.

As you know, evidence continues to grow that the cascade of ongoing stimuli in the NICU significantly affects the neuromotor and neurosensory development of high-risk infants. It is incumbent on the NICU team to recognize the brain's vulnerability at this important time and institute caregiving practices which support resilience and improve developmental outcomes. The specialized faculty from the fields of medicine, nursing, psychology, physical therapy, education and rehabilitative medicine will help you translate the research in this field to practical strategies for supporting the fragile infant's developmental and behavioral needs.

Highlights and Benefits:

- ▶ Multiple Preconferences focusing on a variety of issues related to developmental care.
- ▶ Premiere, multidisciplinary faculty members eager to share their experience and practices with you.
- ▶ A number of "Hot Topics," including brain development and cognitive function, feeding issues, short and long-term outcomes, neuromotor development, advances in research, self-regulation, and the parenting experience.
- ▶ 20 Concurrent Sessions addressing key concepts in the developmental support of the fragile infant.
- ▶ Practical, evidence-based strategies and "tips" which you can take home and apply immediately in your NICU.
- ▶ Time to share ideas and build professional relationships with colleagues from across the nation.
- ▶ All the glitz and glamour of Las Vegas and the Paris Hotel, centrally located on "The Strip," with easy access to all "Vegas" has to offer!

Join your colleagues and us for an educational experience that will help you focus on what is critical for improving outcomes for the fragile infant—individualized, developmentally-supportive, family-centered care. **See you there!**

Conference Objectives

- ▶ Identify evidence-based guidelines and key components of providing individualized, developmental support to premature and sick infants and their families.
- ▶ Describe recent advances in the neuroscience of the developing brain and implications for newborn intensive care.
- ▶ Discuss neuromotor and neurosensory development, including interventions that improve outcomes.
- ▶ Describe and explore the impact of the NICU experience on the medical caregiver, infant and family.
- ▶ Identify key characteristics of high performance multidisciplinary teams providing relationship-based care.
- ▶ Strategize a plan for implementation of individualized developmental care in your NICU.

Who Should Attend?

Anyone involved in the care of high-risk newborns including:

- ▶ Registered Nurses
- ▶ Nurse Practitioners
- ▶ Clinical Nurse Specialists
- ▶ Developmental Specialists
- ▶ Infant Educators
- ▶ Psychologists
- ▶ Speech Therapists
- ▶ Physical Therapists
- ▶ Occupational Therapists
- ▶ Physicians
- ▶ Neonatologists
- ▶ Pediatricians
- ▶ Case Managers
- ▶ Social Workers
- ▶ Service Coordinators
- ▶ Follow-up Personnel
- ▶ Child Life Specialists
- ▶ **You!**

About the NFI

The NIDCAP Federation International (NFI) promotes the Newborn Individualized Developmental Care and Assessment Program (NIDCAP) in hospitals and encourages its use nationally and internationally to support the growth and development of premature infants and to improve the quality of their care and the support for their families. Formed in 2001, the NFI is a private, non-profit, charitable organization committed to providing the highest quality of education and training for professionals who provide care for infants in newborn intensive care nurseries and support their families.

With the goal of optimizing health and developmental outcome, the NFI's mission is to develop and support a worldwide collaborative community of trainers, health care systems, professionals, families, and other partners to assure that the highest quality of individualized, developmentally supportive, family centered care is available to all newborns in intensive and special care nurseries. The NFI serves as the authoritative leader for research, development, and dissemination of the Newborn Individualized Developmental Care and Assessment Program (NIDCAP) and for the certification of trainers, health care professionals, and nurseries in the NIDCAP approach.

Join the NFI now and qualify for the \$30 discount on the Main Conference tuition.

Accreditation

A Certificate of Attendance will be available online after you complete the course requirements, enabling you to register your credit with the appropriate licensing boards or associations. To apply for credit not listed below, use the procedure established by the specific organization.

Nurses and Nurse Practitioners

Preconferences: 4 ANCC/4.8 CA BRN contact hours each
Main Conference: 16.75 ANCC/20.1 CA BRN contact hours

Contemporary Forums is accredited as a provider of continuing nursing education by the **American Nurses Credentialing Center's Commission on Accreditation**.

Contemporary Forums is approved by the **California Board of Registered Nursing**, Provider #04516.

(CA BRN contact hour = 50 minutes)

This program is approved for a maximum of 24.75 NAPNAP contact hours (4 contact hours each - Preconferences, 16.75 contact hours - Main Conference) per the **National Association of Pediatric Nurse Practitioners (NAPNAP)** Continuing Education Guidelines. Contemporary Forums, NAPNAP Approved Provider, Agency #12. This program contains no pharmacology credit.

Physical Therapists

Preconferences: 4 hours each
Main Conference: 16.75 hours

The **Physical Therapy Board of California** recognizes Contemporary Forums as an Approval Agency to approve providers of Continuing Competency Courses in California.

Physicians

Preconferences: 4 credits each
Main Conference: 16.75 credits

Contemporary Forums is accredited by the **Accreditation Council for Continuing Medical Education** to provide continuing medical education for physicians. Contemporary Forums designates this Live Activity for a maximum of 24.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This continuing medical education activity has been reviewed by the **American Academy of Pediatrics** and is acceptable for a maximum of 24.75 AAP credits (4 credits each - Preconferences, 16.75 credits - Main Conference). These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate members of the American Academy of Pediatrics.

Speech Pathologists

Preconferences: 4 CEUs each
Main Conference: 1.675 CEUs

Contemporary Forums is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. **See course information for number of ASHA CEUs, instructional level and content area.** ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This program is offered for up to 2.475 CEUs.
(Various level; Professional Area)

Physician Assistants

Preconferences: 4 hours each
Main Conference: 16.75 hours

The **American Academy of Physician Assistants** accepts Category 1 CME approval from organizations accredited by the ACCME to grant Category 1 hours toward the Physician's Recognition Award. PAs may report up to the listed hours of credit.

Psychologists

Preconferences: 4 hours each
Main Conference: 16.75 hours

Contemporary Forums is approved by the **American Psychological Association** to sponsor continuing education for psychologists. Contemporary Forums maintains responsibility for this program and its content.

Occupational Therapists

Preconferences: 4 CEUs each
Main Conference: 1.675 CEUs

This program is approved by Contemporary Forums, **American Occupational Therapy Association** Approved Provider #3273. Assignment of AOTA CEUs does not imply endorsement of specific course content, products or clinical procedures by AOTA.

Social Workers/Marriage, Family & Child Counselors

Preconferences: 4 CE credit hours each
Main Conference: 16.75 CE credit hours

This conference has been approved by the **Washington Chapter, National Association of Social Workers (NASW)** for Licensed Social Workers, Licensed Marriage & Family Therapists and Licensed Mental Health Counselors, Provider #1975-148.

This course meets the qualifications for continuing education credit hours for Marriage, Family & Child Counselors and/or Licensed Clinical Social Workers as required by the **California Board of Behavioral Sciences**, Provider #PCE771.

Case Managers

Application has been made for continuing education credit from the **Commission for Case Manager Certification**.

Preconference A

"To Sleep or Not To Sleep, That is the Question": Issues of Sleep and Arousal for Infants, Families and Staff

Juzer Tyebkhan, MBBS, MRCP(UK), FRCPC
Joy Voyles Browne, PhD, RN, PCNS-BC, IMH-E

Sunday, November 13 – Morning

Infants in the NICU often do not exhibit clear states of sleep or wakefulness, and the maintenance of any state is frequently challenging and disorganizing. This workshop will help you recognize sleep and wake states and appreciate that these states reflect real time brain function. By the end of this workshop you will know why it is important to support the sleep - wake state of an infant and will have learned strategies for this that you can apply in your clinical practice. We will also discuss the relevance of sleep for NICU parents and staff. We anticipate that you will leave this workshop in the state of quiet, alert wakefulness with excellent synactive regulation.

7:00 a.m. Preconference A Registration

8:00 **Sleep - Wake States and the Synactive Theory**

Learn how the Synactive Theory helps us understand the relevance of sleep - wake state in our interactions with infants in the NICU. Interactive session will include gentle physical activity to ensure that participants enter and maintain an awake, alert state.

9:00 **Sleep, Learning and Sensory Development**

Why sleep is critically important for neurosensory development.

9:30 **Sleep and NIDCAP**

What is the evidence that NIDCAP-based care for preterm infants influences sleep patterns?

10:00 Refreshment Break *(When you may briefly enter the sleep state of your choice)*

10:15 **How Can We Help Support Infant Sleep in the NICU?**

An interactive discussion on how the Synactive Theory guides our care.

10:45 **How Can We Help Support Infant Wakefulness and Alertness in the NICU?**

Even more interactive, synactive discussion, with an opportunity for participants to enter highly aroused, fussy and argumentative states.

11:15 **A Parent's Perspective**

Sleep in the NICU for my baby and me.

11:45 **Sleep and Wakefulness for Parents, Families and NICU Staff**

How does the NICU experience affect our states of sleep and wake? What can we do to better support restful sleep and alert wakefulness?

12:15 p.m. Adjourn

Preconference B

The Concepts of Developmental Care: Individualizing Supportive Care in the NICU

Bonni Fingerhut Moyer, MSPT
Jean Powlesland, MS, RN

Sunday, November 13 – Morning

(This session is specifically designed for practitioners who are new to the field of developmental care.)

High-risk infants are vulnerable to adverse developmental outcomes, in part due to the early experiences they have in the NICU. Developmentally supportive care aims to reduce these adverse effects by creating an environment where each infant's experience is individualized to his or her unique situation. This Preconference will provide an overview of principles and practice of developmentally supportive care, looking at theory, practice and evidence. The importance of relationships as the focus of all early development, strategies for initiating a developmental care program in your NICU, as well as some thoughts on specific care practices will be covered.

7:00 a.m. Preconference B Registration

8:00 - • Implications of early birth on brain development

- 12:15 p.m. • Overview of research on developmental care
- Use of the synactive theory in guiding assessment and care of high-risk infants
 - Strategies for implementing a relationship based, developmentally supportive care program

Preconference C

Developmental Care at the Bedside: What Does It Take to Have Your Nursery NIDCAP Certified?

Rodd Hedlund, MEd
gretchen Lawhon, RN, PhD

Sunday, November 13 – Afternoon

The NIDCAP Nursery Certification Program (NNCP), under the auspices of the NIDCAP Federation International (NFI), recognizes the excellence of a hospital nursery's commitment to and integration of the principles of the Newborn Individualized Developmental Care and Assessment Program (NIDCAP) for infants, families, and staff. Hospitals and their newborn intensive and special care nursery systems receive NIDCAP Nursery Certification when they demonstrate that they consistently promote best short and long term development of all infants and families in their care, and support their professionals and staff in accordance with the principle of assuring best personal and professional development towards relationship-based care implementation. NFI certified NIDCAP Nurseries provide a dynamic environment for the full integration of expert medical and nursing care securely embedded within the active pursuit of mutual respect, caring, nurturance of and collaboration with infants and families, and among all professionals and staff members.

12:30 p.m. Preconference C Registration

1:15 - • Why should your nursery become

5:30 p.m. NIDCAP-certified?

- Nursery certification criterion measuring full integration of developmental care
- Demonstrating excellence and commitment to integrating NIDCAP principles for infants, families and staff

Preconference D

The Science and Practice of Skin-to-Skin Holding in the NICU

Lindsay Lightbody, MA
Raylene Phillips, MD, MA, IBCLC

Sunday, November 13 – Afternoon

The benefits of skin-to-skin holding include improved physiologic stability, increased breastfeeding success, enhanced attachment relationships, and optimal neurodevelopment. This Preconference will describe the benefits of skin-to-skin holding in detail, providing the latest science and evidence-based research on Kangaroo Care in the NICU. The techniques of skin-to-skin holding for premature infants will also be discussed along with the importance of supporting early parent-infant relationships and practical ways to do so during an infant's hospitalization.

12:30 p.m. Preconference D Registration

1:15 - • The Science and Benefits of Skin-to-Skin Holding

5:30 p.m. • The Practice of Skin-to-Skin Holding:
Assuring infant/parent readiness, transfer,
methods of holding

- Promoting breastfeeding success
- Principles of attachment and building the parent/infant relationship

RAVE REVIEWS!

"Great networking conference. I not only learned a wealth of information from the presenters, but also from meeting others from different facilities and states. Wonderful conference."

April Cookemboo-Bend, BSN, RN, CLC - Cape Girardeau, MO

"A well-organized and timely conference. Excellent faculty who presented well-researched, evidence-based lectures with passion and enthusiasm. They provided motivation and proof to drive changes in my medical practice."

Natalie Dick, MD - Trinidad and Tabago, West Indies

"As a new NICU OT, I found this conference was well rounded and gave me both in-depth knowledge on feeding as well as developmental and medical issues that pertain to this population. I would recommend EVERY new therapist attend!"

Valerie Legendre, MOTR/L - Albuquerque, NM

"As a first time participant in the Developmental Interventions in the NICU conference, I walked away with a wealth of information and will closely examine my practices as a Child Life Specialist to provide the best care. The topics presented were thoughtful, interesting, and informative. I haven't seen a better conference out there."

Elizabeth Olsen, MS, CCLS, CEIM - New York, NY

"As always I found the conference to be very timely with my practice and concerns regarding the high risk infant population. Each session provided me with information that I can include in my practice. I especially appreciate the speakers being open to discussion at the end of the sessions."

Claudia Kerns, PT - West Hills, CA

Registration Information

▶ **Registrations must include full tuition payment to be accepted. Registrations faxed without payment will not be processed.** Confirmation is sent by email if your completed registration form and payment are received one week before the conference begins. Since conference registration and hotel rooms are limited, early registration is advised.
