

The 6th Annual Midwest Developmental Care Conference

FINE: Family & Infant Neurodevelopmental Education Level 1

Foundational Toolkit for Family Centered Care

Foundational Education for the Newborn Individualized Developmental Care
and Assessment Program (NIDCAP®)

Thursday & Friday, April 26 & 27, 2018

at

Cincinnati Children's Hospital Medical Center

Sponsored by:

NIDCAP Cincinnati & University of Illinois NIDCAP Training Center

Conference Information

Program Learning Outcomes

- State the theoretical principles that underlie evidenced based developmentally supportive family centered practices
- Identify & discuss elements of neuroprotective care & its implementation
- List short & long term outcomes of environmental disruptions to the NICU infant
- Identify areas to improve their own practice; create plans to move forward

Target Audience

This course is recommended for everyone working with infants and families in hospital settings: neonatal, pediatric and nursery nurses, medical staff, nurse practitioners, health care assistants, midwives, occupational and physical therapists, speech-language pathologists, respiratory therapists, integrative health specialists, developmental specialists, social workers, lactation specialists and neonatal leadership and management teams.

Location

Cincinnati Children's Hospital Medical Center
Albert B. Sabin Education Center, Location D1.23
3333 Burnet Avenue
Cincinnati, Ohio 45229
